INTRODUCTION

The Bornean Sun Bear Conservation Centre (BSBCC) was established in 2008 as a collaborative project between Sabah Forestry Department (SFD), Sabah Wildlife Department (SWD), Land Empowerment Animals People (LEAP) and Malaysian Sun Bear researcher Dr. (Hon) Wong Siew Te.

Located at Sepilok, near Sandakan, on Sabah's East coast, the Centre aims to carry out Sun Bear conservation, education, research and rehabilitation and provide an improved long term living environment for confiscated bears that cannot be released back into the wild. The Centre has two bear houses as well as a quarantine building. A total of 45 bears were housed at the BSBCC at the end of 2020.

The Covid-19 pandemic has affected the Centre's operations in many ways, especially our visitor numbers which plummeted to 18,277 compared to 84,496 visitors the previous year. Major milestones include the release of a 6-year-old male bear, Montom, who was reintroduced back to the wild in July, as well as the completion of the BSBCC's new ticketing and shop building in December.

OPERATIONS

BSBCC Board of Directors

In 2020 BSBCC's board of directors comprised Dr. Wong Siew Te (Founder and CEO of the BSBCC), Mr. Frederick Kugan (Chief Forest Conservator of SFD) and Mr. Augustine Tuuga (Director of SWD).

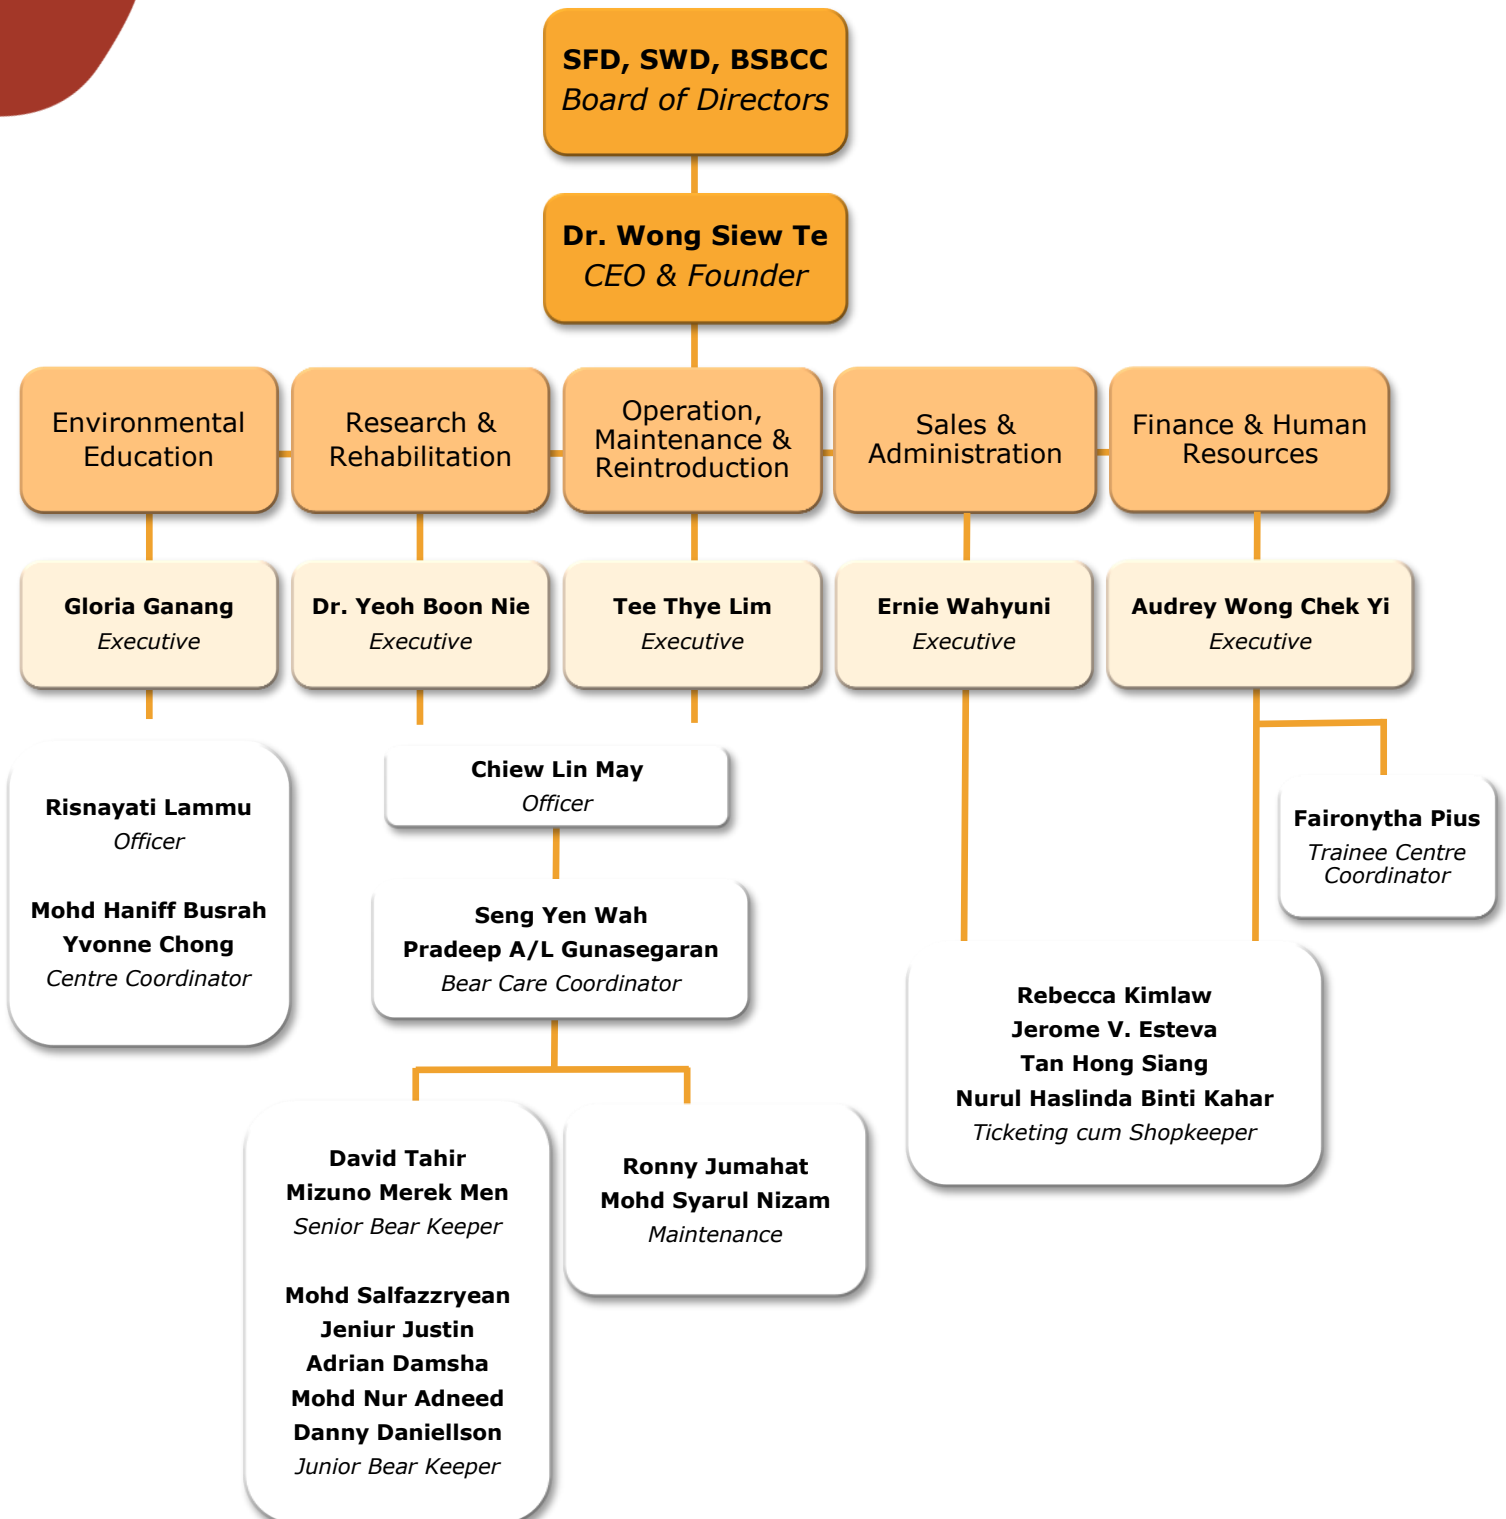

Meetings with Partners

During 2020, two meetings were held with partners, SFD and SWD on 20th January and 21st October.

Staffing

Four staff left BSBCC during the year: Andy N Norman (General Worker), Mohd Khoirul Afandi Bin Awg Kisil (Ticketing Cum Shopkeeper), Bithrenly Japrin (Junior Bear Keeper) and Melynda Cheok Ka Yi (Centre Coordinator). BSBCC had a total of 26 staff at the end of 2020.

SUN BEARS

Bear Arrivals

The BSBCC received three rescued Sun Bears in 2020. Kipaku, a 5-month-old cub was rescued from Kg. Kipaku, Tambunan. He was believed to have been left orphaned after a forest fire incident. He was then taken as a house pet before he was surrendered to the Sabah Wildlife Department's Wildlife Rescue Unit. Kipaku arrived at the BSBCC on 16th July 2020.

Itam, a 7-month-old female cub, arrived at the BSBCC on 27th July 2020. She was found in an orchard at Kg. Kuala Sebinait, Pagalungan, Nabawan, appearing weak, with dog bite wounds on her body. Her previous owner decided to take her home as her mother was nowhere to be found. Itam was then surrendered to the Sabah Wildlife Department after being kept for 21 days. Itam was temporarily kept at Lok Kawi Wildlife Park before being sent to the BSBCC.

Betung was found wandering around alone in an orchard at Kg. Betung, Ranau in April 2020. She was previously kept as a house pet before being surrendered to the Sabah Wildlife Department. Betung was sent to the BSBCC on 26th August 2020 at the age of 5 months. She was emaciated, malnourished and underweight when she first arrived. Betung's condition is gradually improving under the care of her carers at the BSBCC.

Bear Reintroduction

A 6-year-old male bear, Montom was reintroduced back into the wild in Mandamai Forest Reserve on 10th July 2020. The release site is located at the boundary between Mandamai Forest Reserve and a replanted forest area managed by Forest Solutions Malaysia (FSM) of Asian Forestry Company Sabah (AFCS). Montom was the 8th Sun Bear reintroduced to the wild by the BSBCC. He was fitted with a GPS radio collar to enable monitoring of his movements after release.

Post Monitoring

The release was a joint effort operation between the BSBCC and FSM. FSM's Conservation Department provided logistic support for the release and conducted post-monitoring operations on the ground. It was found that Montom travelled west towards Kg. Nibang, Pitas and settled down in an oil palm plantation for 9 days since 16th July 2020. His last location was picked up on 6th August 2020, near a hut of an orchard.

FSM's ground team had frequently conducted telemetry tracking in the area of Kg. Nibang and a strong signal was detected on 26th July 2020. A sighting of a Sun Bear with a collar was also reported by villagers during the same month. More bear claw marks were found towards the east of Kg. Nibang and FSM's planting area. Montom was monitored for 28 days with 106 locations received. However, there is no strong evidence to conclude the outcome of this release.

VOLUNTEERS & INTERNS

Volunteer Programme

This year, a total of 15 volunteers worked at the Centre, including 10 volunteers recruited under APE Malaysia's volunteer programme and 3 volunteers recruited from Roots and Shoots Malaysia. This programme helps to meet the needs of the Centre in providing care for the rescued Sun Bears, facility maintenance and education awareness.

Interns

The BSBCC continued to encourage local and international students to conduct their internships at the Centre. Interns can gain experience in conservation on the ground while helping the Centre care for the Sun Bears and help spread the word through the education and awareness programme. In 2020, a total of five interns were recruited; three interns from Universiti Malaysia Sabah (UMS) and two interns from Universiti Sains Malaysia (USM).

INFRASTRUCTURE DEVELOPMENT

New Ticketing and Shop Building

The construction of the BSBCC's new ticketing and shop building commenced on 14th January 2020 after funds from the Ministry of Tourism, Arts and Culture (MOTAC) were secured. The new building is constructed next to the BSBCC's visitor centre. It was completed on 7th January 2021 and comprises of two ticket counters, a merchandise storage room and ample space for the display of merchandise. The existing visitor centre will be refurbished into an education gallery to display educational information about Sun Bears.

VISITOR CENTRE OPERATIONS

The total number of visitors to the BSBCC in 2020 was 18,277, of which 8,758 (47.9%) were Malaysians. The top three international visitor numbers were from the United Kingdom (17%), Australia (7.4%) and Germany (3.3%). The month of January saw the highest number of visitors. The BSBCC had to close to the public after Malaysia imposed its movement control order on 18th March. The Centre reopened to the public on 15th June and only received visitors residing within the country, as international borders were still closed. The BSBCC was closed again from 23rd September, following instructions from the Sabah State Government, to help control the spread of Covid-19 within the state.
