

# • THE SUN BEAR BAND •

Color all the sun bears on the page. Cut them out. Glue or tape the animals to a 6 cm (2.4 in) wide strip of construction paper that is long enough to fit around your head. Add your own words and drawings of rain forest leaves and flowers to the band. Fit the band around your head and tape the ends together to secure them.

What do you know about sun bears and their habitat? See how many of these questions you can answer.

1. Why do sun bears need rainforests?

---

---

---

2. What might happen to sun bears if humans continue to destroy the rainforest?

---

---

3. What special features do sun bears have that help them survive in the wild?

---

---

4. Sun bears are wild animals. Why is it wrong to keep them as pets?

---

---
